ROOSEVELT TO REMAIN OUT OF CAMPAIGN

Negroes Indorse Him for Third Term
—Former President Gives Race Advice.

New York, Aug. 20.—Feeling that he had not been encouraged to take an active interest in the coming state campaign by the action of the state committee in turning down his name as temporary chairman, Theodore Roosevelt made it clear to his friends that the reports that he would not take any part were well based.

The support of the negro electorate of the United States for a possible third term was pledged in behalf of Colonel Roosevelt by the 1,000 delegates of the National Negro Business Men's league here in convention.

The negroes' indorsement of the former president came after he had addressed the delegates on the opportunities for advancement open to the negro race in this country and as the climax of an earnest and eloquent eulogy of his conduct in office made by Bishop Clinton of this city.

Recalling the words of the former executive, that he would not be the one to "close the door of hope in the face of a man because his skin happened to be black," Bishop Clinton expressed the gratitude of all negroes for the encouragement which this attitude of the then president had given to those of his race, and closed by assuring Colonel Roosevelt that in whatever "promotion" in public life he might seek, he would always find the negro element solidly allied in his support.

The cheering which greeted this declaration had hardly abated when Booker T. Washington, chairman of the meeting, advanced to the front of the platform and urged that all in sympathy with the sentiment expressed by Bishop Clinton rise to their feet. The entire assemblage rose amid renewed cheering.

In his address Colonel Roosevelt urged his hearers to practice the doctrine of self-pity. He condemned the false prophets who preached envy and bitterness, and counseled the negroes to make the most of the many opportunities already opened to them.

Files \$30,000,000 Mortgage.

North Yakima, Wash., Aug. 20.—The Pacific Power & Light company filed a mortgage of \$30,000,000 with the Yakima county auditor. It is the evidence which recently took over a number of light, power and traction companies throughout northern Oregon and eastern Washington.

ANOTHER BREAK IN I. C. STORM

THREE FORMER OFFICIALS OF ROAD ARE TAKEN INTO CUSTODY.

MORE ARRESTS WILL FOLLOW.

Charges of Conspiracy to Defraud and of Confidence Game Placed Against Harriman, Ewing and Taylor in Car Repair Frauds.

Chicago, Aug. 20.—The Illinois Central railway graft scandal storm broke with tremendous fury when three former high officials of that road were arrested on charges of conspiracy to cheat and defraud the road by false pretenses. More arrests are to follow and the names of others said to be implicated will probably be revealed at the trial of the men already under arrest.

Other arrests are to follow, and further disclosures in which new names may be revealed are promised at the trial of the men, who were arrested on charges of conspiracy and obtaining money under false pretenses.

Those arrested are:

Frank H. Harriman, former general manager of the Illinois Central system.

Charles L. Ewing, former general superintendent of the Illinois Central line north of the Ohio river.

John M. Taylor, former storekeeper for the Illinois Central.

Released on Bonds.

The men were taken before Municipal Judge Bruggemeyer, who released them on \$20,000 bonds each.

Both Harriman and Ewing made statements after their arrest.

"There is no truth absolutely in the charges, and I have nothing to fear," said Harriman. "My record as general manager of the Illinois Central is an open book. Nothing will be proved against me."

"I deny the charges," said Ewing, "and I will be proven innocent. I have done nothing to be ashamed of."

Harriman Next to Rawn.

Harriman, as general manager of the entire system, was the next man to Ira C. Rawn, the vice-president who resigned to become president of the Monon road, and who was killed with his own revolver in his Winnetka home. Harriman resigned his position in March, the public announcement being made March 15. The withdrawal of Harriman followed the election of W. L. Parks as vice-president to succeed Rawn.

C. L. Ewing resigned as general superintendent of the northern line at Chicago soon after the first exposures were made in connection with the discovery of wholesale frauds.

Taylor resigned as general storekeeper May 1, at the time when President Harriman's office was being flooded with resignations from officers of high and low rank.

History of I. C. Graft Case.

The Illinois Central car repair graft case formed the railroad sensation of the year in Chicago. It has resulted thus far in four warrants being sworn to and the filing of suits by the railroad against five car repairing companies and four former officials of the Illinois Central, charging conspiracy to defraud the road out of amounts far in excess of \$1,000,000 by padding bills for car repairs. Since the inauguration of the investigation by President Harriman nearly a score of prominent officials of the operating department of the railroad have resigned.

Early in February it was discovered that a private detective agency had been employed by the road since the first of the year to make a systematic investigation of the relations between the officials of the road and of the car repair companies, following the discovery that the road's bills for car repairs were greatly in excess of those of other roads similarly situated.

Frauds Reach \$1,550,000.

It was not until June 8 that the full details became known when the railroad filed a bill in equity in the circuit court against Joseph E. Baker, formerly superintendent of the car department; William Renshaw, formerly superintendent of machinery; O. S. Keith, formerly superintendent of transportation; and J. M. Taylor. It was alleged that through collusion with these officers five car repair companies—the Blue Island Car and Equipment company, the Memphis Car company, the American Car and Equipment company, the Ostermann Manufacturing company, and the International Car company—had been able to defraud the road out of \$1,550,000, or nearly one-third of the total of \$5,233,753 paid these companies for car repairs in four years.

SPALDING MAY BE U. S. SENATOR.

Friends Predict He Will Be Indorsed Through Peculiar Situation.

San Francisco, Cal., Aug. 20.—The friends of A. G. Spaulding, formerly of Chicago, concede that John D. Works, on the face of the returns, has a plurality in the contest for indorsement for United States senator, but at the same time they predict Spaulding will be senator. This peculiar situation grows out of the fact that Spaulding apparently has carried a greater number of legislative districts than Works.

Heads Iowa College.

Des Moines, Ia., Aug. 20.—E. W. Stanton, dean of mechanic arts at Iowa State college at Ames, was named acting president of the institution for one year by the Iowa state educational board.

Tea Consumption Increasing.

The United States consumes 80,000,000 pounds of tea annually.

SECURE BROWNE JURY; TRIAL TO BEGIN MONDAY

Four More "Approached" Veniemen, Are Excused Before Box Filled—Eight Panels Are Drawn.

Chicago, Aug. 20.—Completion of the jury and a decision to present to the next grand jury the accumulated evidence of tampering with veniemen brought the Leo O'Neil Browne bribery trial to the end of its third week. Judge Kersten's warnings against "fixing" added a solemn touch to the dramatic swiftness of the unexpected developments.

Since the examination of jurors started August 4, eight special panels of 100 men each have been drawn for service, and more than 500 personally examined to ascertain their qualifications, etc.

Judge Kersten after charging the jury adjourned court until 10 a. m. Monday, when the actual trial will begin.

Judge Kersten intimated he was satisfied the jury tampering was being done by persons not connected with either the state or defense. He reiterated his hope that the guilty men would be caught, promising severe punishment. Citizens summoned for jury service were again called on to cause the arrest of any one "approaching" them or members of their families.

STATE TROOPS GO INTO CAMP.

Oav. Denson Takes Up Official Residence for Week in Tent.

Peoria, Ill., Aug. 20.—For one week, beginning today the temporary capital of Illinois will be a tent on Headquarters' hill in the largest military camp in the United States this year. Governor Denson has taken up his official residence there and is protected by 7,000 members of the Illinois National Guard.

With the exception of the Fifth Infantry, which was directed by the war department to co-operate with the regular troops in the Indianapolis maneuvers, the entire strength of the state's military establishment is quartered on a 2,000 acre reservation four miles north of Peoria on the banks of the Illinois river.

Maj. Gen. Edward C. Young of Chicago, commanding the division, is in command of Camp Denson. Under his immediate command are three brigades of infantry, embracing seven regiments, the cavalry regiments, the signal corps, and the newly organized hospital service.

JUSTICE MOODY GROWS WEAKER.

Jurist Reported Scarcely Able to Move Head—Retirement Seems Sure.

Washington, Aug. 20.—There appears not the slightest chance that Justice Moody of the Supreme court of the United States, who has a cottage here for the summer, will be able to resume his seat. Friends who have seen him recently report that he is forced to lie upon air cushions and be wheeled to the porch, where he gets fresh air on pleasant days. It is difficult for him to move his head, and he is scarcely able to use his arm to take a cigarette from his mouth. He will undoubtedly retire before the next session of congress.

Justice Moody has been ill for about two years. When first attacked by rheumatism it was confidently predicted that he would soon be able to resume his duties on the Supreme bench. He rallied at times, but relapses always came speedily, and for months past there has been little hope of his ever regaining his health.

CITED IN COTTON PLANT SUIT.

"Cotton King" Sully and Others Are Charged With Conspiracy.

Washington, Aug. 20.—Fraud and conspiracy, involving underhanded methods in high finance, are alleged against "Cotton King" Daniel J. Sully, for many years an operator on the New York cotton exchange; John Hays Hammond, a prominent Washington capitalist, famous mining expert, close friend of President Taft and president of the League of Republics Clubs, and his son Harris, in a suit filed in the Supreme court of the District of Columbia by Lemuel A. Greene of Greenville, S. C. He seeks to recover three letters patent on an invention of a cotton grader device which, he alleges, are fraudulently held by the defendants.

SPAIN PROTESTS TO VATICAN.

Sends Message That Priests Are Making Violent Sermons.

Madrid, Aug. 20.—The Spanish government has instructed Marquis de Gonzalez, secretary of the Spanish embassy to the Vatican, who has been in charge of the embassy since the recall of the Spanish ambassador, to call the attention of the holy see to the violent sermons being delivered by Roman Catholic priests in Spain. The sermons, according to the note of instructions to Marquis de Gonzalez, are "insulting to the Spanish ministers and inflaming the passions of the people."

1,000 MEN CHEER SUFFRAGISTS.

Chicago Women Have Triumphant March Through Central Illinois.

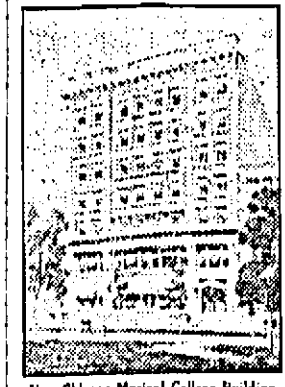

Taylorville, Ill., Aug. 20.—The Chicago equal suffragists, accompanied by several Decatur women, were cheered by 1,000 men who gathered in the courthouse square last night to hear the doctrine of women's rights explained. Mrs. Catherine Waugh McCulloch declared the trip through central Illinois was proving a triumphal march and that it portended recognition of the equal suffrage movement by the next legislature.

For Afternoon Teas.
Have you ever tried toast sandwiches with the cup of tea you serve your friends in the afternoon? Make small, dainty sandwiches, spread with butter and a layer of marmalade or thinly sliced cheese. Put them on plates and then under your gas broiler, and when lightly toasted on one side, turn and toast the other. The cheese will be just melted enough to be deliciously appetizing.

Burns' Favorite Word.
A contributor has had the curiosity to look up Mr. J. B. Burns' "Burns Concurrence," and measure the amount of space devoted to certain words. In the result he found that Burns used the word "heart" more than any other word, the quotations under this word filling no fewer than six of the closely printed columns. "Taste," "friend" and "heaven" come next, each having about two columns.

CHICAGO MUSICAL COLLEGE

Now in its New Home Facing the Lake Front Park
The finest building of its kind in existence. Housing the largest and most thoroughly equipped of all institutions of Musical Learning. Automobiles DO Burn

Yours may be the next one to go up in smoke.

Is it insured? If not, you are taking great chances.

A small premium will protect the money you have invested in your car. This seems to us a good business proposition for every auto owner. Cars covered wherever they might be—at home or abroad, indoors or out, against fire caused in any possible way.

CARTER & MORSE

READ GAZETTE WANT ADS

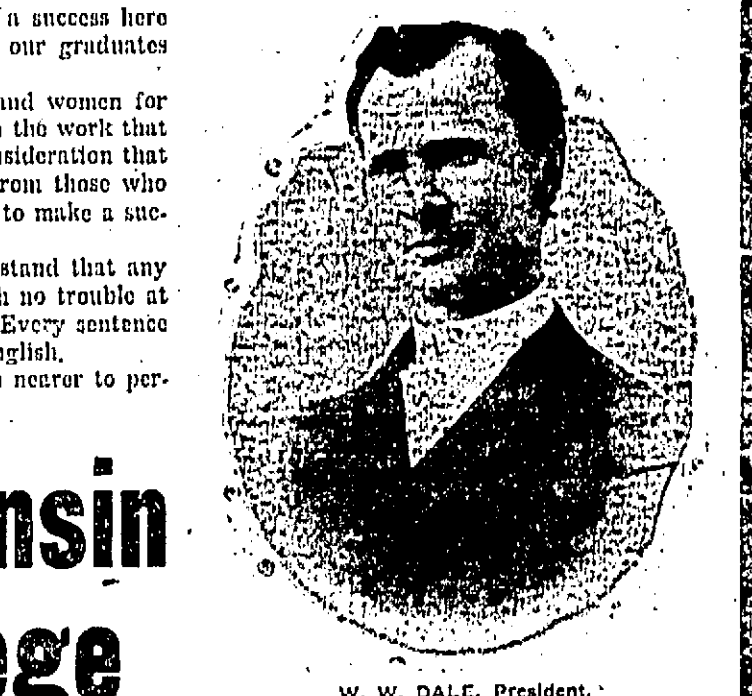

Here Is a School That Anyone Can Attend and Make a Success of the Work. Yes--A BIG Success

And there are fundamental reasons why YOU can make a success here while you may fail at other schools. There are reasons why our graduates ALWAYS SUCCEED.

This business college was organized to train young men and women for the business world, and before the courses were laid out, before the work that each student must do, was selected, the fact was taken into consideration that we must draw our young men and women from the masses, from those who must earn their way through life, and from those who wanted to make a success in a big way.

The work of this school is practical, yet so easy to understand that any one with a common school education can master the work with no trouble at all. Every lesson in every book is an example of simplicity. Every sentence is short and concise, to the point, and in good, strong, plain English.

Every lesson teaches a lesson. Every exercise brings you nearer to perfection in your work. There is no energy wasted in the

W. W. DALE, President.

Southern Wisconsin Business College

because the work has been gone over, improved, shortened, perfected in every way before it was made a part of the course. That is why our graduates secure and hold THE BEST positions in Janesville and elsewhere. Never in all our years of training young men and women have we turned out a student, whether he was a graduate or not, who did not secure a better position than he held before coming here, and who was not better fitted in every way to work his way to business success.

ONE YOUNG MAN, 18 YEARS OLD, with but an 8th grade education, is now earning \$80.00 per month as stenographer for one of the largest manufacturers of Janesville. He was not particularly brilliant, he did not find the work difficult and if he can secure such a position, you can do as well.

A young man from the country, with but a country school education, who had worked on the farm for several years, took our bookkeeping with us. Today he is assistant cashier in one of the Stoughton banks.

A young man, 16 years old, is today taking our courses and his standings in all his classes are up to our standards. Yet he had but an 8th grade public school education.

A young lady with but a 7th grade school education took our shorthand course, was immediately placed in a position, and today holds one of the leading stenographic positions in her city.

We could mention hundreds of cases, but the above are sufficient to prove that the practical manner, the simple yet thorough method in which we prepare our students, is the RIGHT way and that anyone who is ambitious need have no fears of finding the work difficult or burdensome.

Yet we can offer still stronger proof that the S. W. B. C. training will fit you to succeed. EVERY GRADUATE OF THIS SCHOOL HAS BEEN PLACED IN A GOOD POSITION. The business and professional men of this city and elsewhere who have employed our students all recommend this school in preference to all others. Every day we have calls for our graduates that we cannot fill. At this School there is opportunity after opportunity that we cannot grasp, because the demand for trained young men and women is far greater than the supply.

And because of these facts, and because our graduates are thoroughly trained, confident, capable young men and women, JUST THE KIND THE BUSINESS WORLD IS CRYING FOR.

We Assure Every Graduate a Position or Refund Tuition

Does not this show our confidence in our work? Does

this not seem fair to you? If you spend time and money with us, and we fail to secure you a position after you graduate, then we have done our work but half, and you are entitled to your tuition.

Spencerian-Chartier Shorthand

Is the best system on the market today. It can be learned in a third to a half less time than is required to learn other systems. It can be read more easily and written much faster. We have proved these facts because we have taught and used the other systems.

Rowe's Bookkeeping and Accountancy

is prepared by a practical accountant of 30 years experience. The subject of accounts is presented in a thoroughly practical manner, as used in the best business offices. The student is not occupied in making some fanciful entries in books that never occur in business. Our students are taught the art of recording business transactions and facts systematically, and hence can go direct to any business office and handle the work without difficulty.

Fall Term Opens Sept. 6th

It is not too soon to arrange for your course, secure a good place for board and room, or if you desire, a place where you may earn board and room. Don't delay—do it NOW—TODAY. Write for College Journal and free Booklet.

OLIVE M. HAYWARD,
 Notary Public.

My commission expires July 12, 1914.

OUR SATURDAY NIGHT.

Men are four:
 He who knows, and knows he knows,
 He who knows, and knows not he knows,
 He who knows not, and knows not he knows,
 He who knows not, and knows not he knows not.

Nothing inspires confidence more than knowledge intelligently applied. Halfway and stonemasonry lines are crowded with patrons every day who never give a thought to safety because they know that the men in command thoroughly understand their business.

The man at the throttle in the cab or engine-room has confidence in his own ability, and the people dependent on him for safety never question his ability. He belongs to the class of men who know that he knows, and he represents the army of engineers inspired by the same confidence.

The industrial world is filled with men in every department, who are equipped with this positive knowledge, and so the wheels in the great shops and factories continue to turn with monotonous regularity.

The automobile has brought to the surface a new class of engineers who are a burlesque to the profession, and were a license required, many of them would fall to pass muster.

The only part of the machine which engineers thoroughly understand is the crank, and when the engine stops, from whatever cause, the crank is vigorously applied, as the only remedy.

The accidents which are so common in all parts of the country, can usually be traced to lack of knowledge combined with carelessness, and they will continue until conditions are changed by legal restraint. The only wonder is that accidents are not multiplied four fold.

There are other realms where men assume to know much more than they do, and where lack of knowledge leads to disaster.

The mechanism of the human body is so delicate and so intricate that science has not yet exhausted efforts to solve its mysteries. Yet there are many physicians who assume to know all about it, and as the profession in-

spires confidence they are trusted implicitly.

Christian science, and other arts of healing, have come to the relief of humanity, and nature is given a chance to work out its own salvation, and as a result, people are living out allotted time and the age limit is being extended.

The domain of that subtle and indefinable part of our being known as the soul, is another realm more mysterious than the body and the theology through all the centuries has attempted to analyze it and outline its destiny. Yet, beyond the fact that hope in immortality prevails as a common belief the scope of knowledge is still limited.

This, however, is no bar to the class of preachers of the Billy Sunday type, who claim to know beyond the question of doubt all about human destiny.

People are so eager to lift the veil of the future and catch a glimpse of the unknown that the talent of mind-readers and palmists and gypsies is always in demand.

There are some questions beyond the ken of human understanding and the life beyond is one of them, but the fact remains that people are coming to believe that the workshop of life is of supreme importance, and so energy and ability is being directed in channels to uplift humanity.

A class of politicians, who pose as statesmen, infest the country today, who claim to be so pure that the land which shelters and protects them presents nothing but corruption to their distorted vision.

These high-minded apostles of reform occupy a self-erected pedestal so far above their fellows that they are afflicted with knowledge not possessed by the average mortal, and they propose to lead the people out of bondage.

Many of these exalted brethren have trained in the ranks of the republican party, and whatever they possess by way of prominence is due to the grace of the party which honored them, but all sense of obligation is forgotten in the frenzy of reform which possesses them.

The country will survive the stampede which these self-righteous agitators have created, and in the light of sober reflection in the aftermath of enforced idleness many people will wonder why they were not satisfied to appreciate prosperity.

Knowledge is a rare possession when properly applied, but an assumption of knowledge by men "who know not that they know not" is a dangerous proposition, when men of this class occupy positions of trust and responsibility.

The average man in public life, like the average man in private life, is honest. The men who claim to be so virtuous that they learn the wrong way, will always bear watching, for honesty is a virtue which advertises itself. The religious man and the honest man never wear placards.

"If That Do Treason."
 It was during the Parnell agitation in Ireland that an anti-Parnellite, criticizing the ways of tenants in treating absentee landlords, exclaimed to Archbishop Ryan of Philadelphia: "Why, it looks very much like treason." Instantly came the answer in the archbishop's best brogue: "Sure, treason is reason when there's an absent 't'."—Everybody's Magazine.

If you have old furniture around gathering dust, use a Want Ad and turn it into money.

Don't boast of your inherent "blue bloodedness," nor of the "blue blood" of your ancestry. Science makes a laborer of you if you do, and in this way: No vertebrate ever has been found by Professor Reichert to possess "blue blood." He says it is a fiction as applied to man, but that laborers and crabs' blood show the bluish tint in marked degree. Don't be a laborer—use some other boasting phrase that will stand analytical research.

Heart to Heart Talks.

By EDWIN A. NYE.

LOCOMOTIVE, AUTO, MAN.

Do you know how much power is wasted in a locomotive?

The best locomotive made uses only 5 per cent of the power developed by the coal burned under its boilers.

Ninety-five per cent is wasted!

And do you know that the average man today wastes that much mental and physical power?

The psychologists say so.

There is not so much difference in men as regards latent power, or ability. The difference is to be found, very largely, in one man knowing better than another how to use the power he has.

To put it in another way:

In automobile parlance, the man who gets the most out of himself keeps his clutch in high speed. He knows how to connect with his power, how to utilize the driving force of his engine.

Watch the chauffeur.

Before he starts his machine he makes careful inspection. He adjusts levers, scrapes spark plugs, notes the radiator, tests the clutches, fills the water tank, oils the friction parts, insulates the tires, tries his engine, and then—

"Honk! Honk! Honk!"

The engine starts, the clutch is thrown in, and in a few revolutions his car is going full speed.

He is first sure of his power and then he connects with it in a way to get most out of it without hurting the machine.

A man must do likewise.

He must carefully adjust all the working machinery of his mind and body so as to produce power. Then when the big task comes and the stress is upon him, he throws in the clutch and makes full speed—and is careful not to burn up his machine.

And—

Just as the chauffeur is sometimes obliged to change his clutch from high to low speed in order to climb a long hill, so must the man slow up under difficulty—but keep going! Once up the hill, he reverses to high speed.

Ninety-five per cent of waste is too much. That is why the locomotive must give way to the electric motor engine.

So of the man who wastes that much. He cannot compete with the man who can use 40 or 50 per cent of his power.

Great men know how to use their power. They get into gear with the infinite forces in themselves.

"Blue Blood."

Don't boast of your inherent "blue bloodedness," nor of the "blue blood" of your ancestry. Science makes a laborer of you if you do, and in this way: No vertebrate ever has been found by Professor Reichert to possess "blue blood." He says it is a fiction as applied to man, but that laborers and crabs' blood show the bluish tint in marked degree. Don't be a laborer—use some other boasting phrase that will stand analytical research.

It is a perfect cure for summer discomfort.

The beautiful bridge work which I am putting out for my patients is drawing me business from long distances.

Just had a patient from as far as Mayville, Wis.

"She said she 'did not regret coming all this distance seeing that my work pleased her greatly.'"

I save them fully half on the cost compared to what their Home Dentists charge them.

ST. PAUL YARDS TO BE ENLARGED?

RUMORED THAT ROAD WILL PURCHASE ADDITIONAL LAND.

WOULD MEAN MUCH TO CITY

Proposed Project Right in Line With Plan to Connect Milwaukee and Kansas City.

Rumors are current that the C. & M. & St. Paul Ry., have given up their attempt to purchase additional land near their present yards to the west of town as a result of the exorbitant prices asked and have secured options or practically agreed to purchase a large tract of land near the Racine and South-Western division of the road.

That the company is in need of additional room to take care of its increasing freight traffic is generally known. Repeated efforts have been made to reach an agreement with the owners of land near the present yards but without success. As it is impossible to enlarge the freight handling facilities under prevailing conditions, the move now rumored would seem feasible.

This action, should the rumors prove true, would be right in the line with the contemplated project, announced some time ago in the Gazette, that the road was preparing to connect the Mineral Point division at Shullsburg with the main line at Dubuque, which would necessitate a new bridge over the Mississippi but only a few miles of new track and would give a direct air line from Kansas City through this city to Milwaukee.

While officials of the road have denied that the company has any such plans, the rumors have been persistent and many unrelated incidents add strength to the belief. Among them are the stories emanating from Dubuque that the line would be built, the fact that the road is contemplating enlarging their yards and a recent visit of a number of the main officials of the road to this city some months ago, among them being President Harding.

Should the company succeed in securing a favorable site for the new yards, it is probable that the round-house facilities would be increased as even at the present time, it is proving hard to handle all the work here. The importance of the change, if made, can hardly be overestimated as the city would be benefited in many ways. Three divisions now enter this city and with the increased traffic that would follow the opening of a direct route from Kansas City to Milwaukee both the yards and shops would be greatly enlarged.

BRIEF LOCAL NEWS.

Fine Trees Cut Down: Four large shade trees which stood in the Lincoln school yard have been cut down to make way for a line fence.

Marriage License: A marriage license was issued today to Arthur Culver and Katherine Eleanor, both of Janesville.

Automobile Parties: A Milwaukee automobile party consisting of N. L. Anna L. and John P. Michan and F. Griswold was registered at the Grand hotel last evening. Mr. and Mrs. Horace Stocking of Lindenwood, Ill., stopped at the Myers House last evening and Mr. and Mrs. R. P. Angell and daughter and Mrs. C. R. Tanner of St. Charles, Ill. were registered at the same hotel today.

Lost Boy at Freeport: Clement Schockley, age nine years, who with his mother, two sisters, and one brother started from Freeport for Michigan City Wednesday morning, after a visit in Janesville, is at the Freeport police station awaiting word from his parents regarding his return home. The boy got off the train at Rockford to secure a drink and failed to get back in time. The boy visited here with a sister of Mrs. Schockley who is an actress.

C. F. U. Monday Night: A postponed regular meeting will take place in the Caledonian rooms Monday night. All members are requested to be present as business of importance will be transacted.

The Most For Their Money.

Our summer bargains continue to attract the majority of the shrewd shoppers. The savings here are larger than you will find elsewhere on summer goods, and shrewd shoppers recognize this fact. Come and look through our aisles and see for yourself the many unexcelled bargains we offer now. T. P. Burns.

BRIEF LOCAL NEWS.

Largest dividends and low cost have been the Northwestern Mutual Life Ins. Co.'s better management. F. A. Hickman, Dist. Mgr., Jackson, Ill. A regular meeting of the W. R. C. No. 21 will be held at East Side I. O. O. F. hall Tuesday afternoon at 2:30 o'clock. All members are requested to be present.

Hours at Janesville Turkish Bath Parlors are: 9:00 a. m. to 1:00 p. m. and all day Tuesday for ladies; 1:00 to 11:00 p. m. and all day Saturday for men.

LOCAL CONTRACTOR GETS A \$300,000 GRADING JOB

P. W. Ryan to Do Work for Wauegan & Elgin Electric Line Between Palatine and Wauconda, Illinois.

P. W. Ryan, a contractor of this city, has been awarded a \$300,000 contract for the grading work to be done on the line of the new Wauegan and Elgin, Ill., electric road between Palatine, Ill., and Wauconda. The work will be commenced on the twenty-fourth of this month and must be completed by the first of December. Starting at Palatine, Mr. Ryan will put four crews of men at work, nearly one hundred and forty men, with seventy teams.

One man advertised a special sale and sold 500 of the things advertised. Another man advertised a special sale and had but three callers. The difference, it was due to the proposition advertised.

THIEF IN CHRIST CHURCH PARSONAGE

Persistent Night prowler Made Second and Successful Attempt to Get into House Tuesday Night.

Rev. John McKinney, pastor of Christ Episcopal church is enjoying an outing at Milwaukee, Oconto county, and Mrs. McKinney is visiting in the east. Their son, Donnie, is working in the Caledonian bakery nights and the other son, Perry, is left to guard the parsonage on Court street. Tuesday evening the latter's slumbers were disturbed by the noise of someone tampering with the side doors and windows. The would-be intruder finally abandoned his efforts and the young man concluded that he was either some intoxicated individual who had temporarily lost his bearings or some friend bent on playing a practical joke. Wednesday evening the young men were invited out to tea. Donnie, upon taking leave, borrowed his brother's keys in order to stop at the house on the way down town, with the understanding that he would leave a door unlocked. He found to his surprise that both the side and cellar portals were ajar and was more than half persuaded that he heard sounds of someone moving about upstairs. He had no time to lose, however, and after closing the doors hastened on without communicating with his brother. Perry, upon reaching the home, also found the side and cellar doors open but did not give the phenomenon any particular thought until he went upstairs to retire and discovered that closets and bureau drawers had been ransacked and the contents strewn about the floor. It could not be learned that anything of value was missing and as there was no clue to the identity of the intruder, the matter was not reported to the police.

PHYSICAL DIRECTOR HAS BEEN ENGAGED

Perry J. Stephens of Galesburg Will Take Charge of Physical Work on September 10.

Perry J. Stephens, the prospective director of the Janesville Young Men's Christian association, has been secured by the board of directors of the association for the work here, and will begin his work here on September 10. Mr. Stephens is at present located at Galesburg, Ill., but is expected that he and his family will come to this city some time the first of next month. He is a graduate of the Chicago training school of the Y. M. C. A. and previous to his engagement in Galesburg, worked for the associations in East Liverpool, Ohio, and Little Creek, Mich. He is a man thirty-seven years of age.

CONTRACTORS ARE RUSHING THE WORK

New Factories and Additions in City Fast Being Completed—Sand Company Busy.

Work on the various additions and new factory buildings in the city is progressing rapidly and thus far has not been marred by labor troubles of any kind. Mousens have practically finished operations at the Burns Bitten Mills and it will be possible to begin the installation of machinery in a short time. The plan of the Sand Company Machine company to build their addition without interrupting the factory operations has succeeded and the old building, around which the new addition has been constructed, is now being torn down. A powerful electric crane has also been delivered at the plant and is being installed. Contractor W. J. Fitzgerald of Deloit, who is building the warehouse of the Janesville Machine company, has finished the mason work to the first floor and is now installing the pillars and beams to support the second story. The frame double-decked steel runway over South River street which will connect the old and new structures, has been thrown across the street on temporary pillars and will be completed when the walls of the new building reach the required height.

Ship Much Sand.

The Janesville Sand and Gravel company in Menasha, Wis., have gradually been increasing their production with the opening of their new pit near the Sugar Beet factory until at the present time, the St. Paul Ry. is forced to keep one switch-engine at work continuously to take care of their shipments.

Twenty teams are engaged in stripping the top layer of earth from the pit on McKay boulevard. The dirt is being hauled to the opposite side of the interurban tracks in order not to impede operations in the gravel pit proper.

New Quarters.

The Strickland Hay Tool company have completed their new offices in the building purchased from the Caledonian Bros., contracting firm, near the old factory and have moved their offices to the new structure. The alterations in the factory have been practically finished and the brick building painted.

PLEASANT PARTY GIVEN FOR LAURETTA FINLEY

Twenty Friends Spent Tuesday Evening at Her Home in Honor of Fifteenth Birthday.

BRIEF PERSONAL MENTION.

J. H. Conger and son of New Brunswick, New Jersey, and S. H. Conger of Stillwater, Minn., who have been known at O. E. Dietrich's, have returned to their respective homes.

Miss Alice Macdonald and Miss Janelle Wintermute of Stillwater, are visiting Miss Nettie Parker on Walker St.

Mr. and Mrs. T. J. Litchworth of Kansas City, Mo., will be over Sunday guests of Mr. and Mrs. P. B. Warr at the home of Mrs. Warr's parents, Mr. and Mrs. Floyd Murdock.

Mrs. George P. Kueck and children, and the Misses Hattie and Abigail Kueck left for Chicago this morning where they will spend a few days with relatives and friends. Miss Abigail Kueck leaves Chicago Monday morning for Portage Point, Mich., where she will spend a two weeks' vacation.

Miss Julia Thumma is enjoying a week's outing at Lake Kegonsa.

The Misses Anna and Minnie Glandner and Alice Barlow returned yesterday from a visit at Jefferson.

The Misses Earl of New York are guests of Mr. and Mrs. George Thompson.

Mrs. E. Borchard is visiting her son at Jefferson.

A. Schenck returned yesterday from a business trip to Chicago.

The Misses Ruth and Cordelia Loomer of Stillwater are spending a few days in Janesville.

Miss Ada Seaman of Palmyra is visiting with Miss Mabel Munger.

Miss Louise Tetzel has returned to this city after a week's visit at Deloit.

The Misses Edna Hickson and Ethel Heaman of East Delavan are visiting in Janesville.

Miss Mae Phillips of Evansville is here for a two weeks' visit.

Mr. and Mrs. Will C. Schmeller from Kankakee, Ill., are spending a week with Mrs. Schmeller's mother, Mrs. Mary C. Otis and other relatives.

Miss Martha Dolan of Ft. Atkinson is visiting friends in the city.

Dr. Henry West of Chicago is the guest of Dr. Welch of this city for a few days.

Art Korston and James Holland of Lincoln visited friends in this city yesterday.

Floyd L. Davis, St. Paul ticket agent, returned yesterday from a month's vacation trip to points of interest along the Pacific coast, returning via Colorado and Omaha.

Lauren Hoffman left this evening to spend Sunday with friends in Chicago.

William Whitmire, who has been employed as machinist at the North-Western roundhouse, left today for Baraboo where he may accept a position as night foreman in the North-Western roundhouse at that place.

Joseph H. Cockfield of North Terrace street has returned from an extended vacation trip to Canada.

Mrs. Victor Hake and children of Duluth, Minn., who have been visiting Mrs. Aug. Brooge for the past week, left this morning for Lima.

She was accompanied by Mrs. Brooge and daughter, Carmen.

Mrs. Ben Cary entertained at bridge yesterday afternoon in honor of Mrs. Martha Hanson.

Mrs. John Norris and Miss Jennie Fisher of Chicago are visiting in this city.

Miss Sarah Hickey is visiting in Milwaukee.

Mrs. David Holmes and son, David, will return from Chicago this evening.

Mr. and Mrs. Will Jeffris entertained at dinner this evening.

Mrs. Stanley Smith entertained at bridge last evening.

The Misses Caroline and Marguerite Palmer of Forest Park left today for Delavan lake to visit friends. Miss Caroline will spend two weeks at the lake.

Mrs. H. W. Brown and daughter, Catherine, left today for Beaver Dam where they will visit friends at Wayland Academy.

Dr. and Mrs. E. E. Loomis leave Tuesday of next week, for a two weeks' vacation in the East, going via the lake route from Chicago to Buffalo.

Miss Ida Stoddard, who arrived home from Ashland this week for a visit, will spend Sunday at Ft. Atkinson.

M. L. Buckley of Deloit was a visitor here last night.

C. W. Horton of Evansville transacted business here last night.

Mrs. Anna McNeil, who has been enjoying an outing at Lake Koshong, is breaking camp today.

Miss Florence Young of Bradford and Mrs. W. A. Rowe of Hawarden, Ia., are visitors in the city.

A. H. Haberman of Juda was in the city last evening.

Mrs. Eva Bender of Darlen is a guest of Mrs. G. W. Squires.

Mr. and Mrs. Will Flock and daughter have returned from a visit with friends and relatives in Mr. Flock's former home in Norwalk, Wis. They were accompanied by his sister, Mrs. A. E. Hunter, who will remain here for a short stay.

J. A. Ward of Detroit, formerly physical director of the local Young Men's Christian association, is in the city and will probably remain here for a week's visit. Mr. Ward is now physical director of the boy's department of the Detroit association, in entire charge of the new boy's building.

CROP PROSPECT IS GOOD SINCE RAINS

Rock County Farmers Think That Corn Crops Will Be Improved by Rains.

Corn in Dane County promise to be a good crop. Barley, oats and wheat have turned out excellent yields. Tobacco in many sections will be good and potatoes in most portions of the county will be fair. Pastures are short everywhere and dairy herds have fallen off in milk production, fully one-half according to most reports. The rain of this week, however, has proved a great blessing and will with continued precipitation there will be great improvement of pastures in a couple of weeks. The hay crop in most sections was good both in quality and quantity.

Neer Evansville. George Hall has sixteen acres of the heaviest and best corn crop around the city. It stands eight to nine feet high. Chas. Grandinger also has a fine crop that is as high. The ears are well filled out and five and a half feet high from the stalk.

The oat crop turned out so well throughout the country that the farmers are now looking for a corn crop that will be equal to the average crops.

SUMMER MEETING IS BEING CONSIDERED

Wisconsin Retail Lumber Dealers Association to Have Gatherings During the Summer.

(BY UNITED PRESS.)

Milwaukee, Aug. 20.—The Wisconsin Retail Lumber Dealers' association is taking a mail ballot on the question of holding its annual convention in the summer. Instead of next February as is customary, if this is done all the other lumbermen's state associations will adopt the same course. The Wisconsin association is not wavering over the action started by the mail order houses which have started the department of Commerce and Labor in an effort to prove that the various state Retail associations are trusts. The federal authorities investigated the Wisconsin lumbermen a year ago and found that there was no violation of trust laws. The change of the annual order houses is that the "card" of the retail association is used to refuse to sell to wholesalers who sell to the retail trade.

The lumbermen are in a bitter fight to drive mail order houses out of the lumber business.

\$5,000 SENT TO FLOOD SUFFERERS

American Red Cross Society Gives Funds for Aid of Japanese Flood Victims.

(BY ASSOCIATED PRESS.)

Washington, Aug. 20.—A \$5,000 contribution for the relief of the flood sufferers in Japan was forwarded today by the American Red Cross society to Tokio.

WOULD LAST ALL NIGHT.

Nice's Pumpkin Festival.

The pumpkin festival at Nice is one of those old world customs rescued by popular sentiment from a gradual decay that was hastening towards oblivion. It is a celebration singularly unique, in that the wildest exuberance of spirit alternates with serious ceremonies, representations of art and prosaic business dealings—a celebration so quaint and so little like the usual productions of modern mankind that it leaves one with the impression of having witnessed a scene identified upon the stage rather than an actual festival of the present practical age.

Yet the pumpkin custom undoubtedly reflects the character and individuality of its practitioners, the inhabitants of Nice, whose deep religious instincts, innate refinement of feeling and intense love of the beautiful were the underlying forces which prompted them to revive a time-honored custom without the least trace of vulgar advertisement or morbid materialism to mar its perfect harmony.—Wide World Magazine.

He Didn't Know Its Meaning, But—

"Once," said an old time actor, "I stood entranced in the wings while Charles Thorne was reading a Shakespearean speech. Curiosity attracted me, but admiration held me. I knew he couldn't study out the spiritual import of that speech, but he read it as I had never heard it read before. Its meaning was crystal clear. When he came off, for devilry I asked him as to the meaning of it speech. 'Why, it means,' said he, 'that—' A long pause. 'No, it's this way.' A still longer pause. 'Now, suppose—' A pause that doesn't just express it, and he went on tugging himself up. Finally he turned to go and said: 'I don't know what it means, but it's a damned fine speech.'"

OBITUARY

Mary Agnes Keeler.

Mary Agnes Keeler, the five weeks old daughter of Mr. and Mrs. George Keeler, died at their home, 312 St. Mary's avenue at one o'clock this morning. The funeral will be held Sunday afternoon at two o'clock from the home and interment will be made in Mt. Olivet cemetery.

Few Use World's Cables.

Less than one per cent of the public has occasion to make use of the world's cables.

CONVERSIONS FOLLOW EVENING MEETINGS

Salvation Army is Doing Great Work in the City During the Present Week.

Evangelist Wolfe at the revival service last night in the Salvation Army Citadel added one more to the list of converts making a total of five in two nights who have been led to seek the teaching of the better and truer life. This is indeed a good record for the beginning of a revival, and it is hoped that the good work will continue. Every friend of the Army is earnestly solicited to lend their influence as far as possible to promote this noble cause.

There was a good congregation who listened to the service last night with good attention, their being in great deal of life and enthusiasm in both the song service, also the forenoon service. The congregation was in an mood of laughter at times and then a deep solemnity prevailed over the entire audience which was most appreciative as well as responsive.

Special musical features at each service.

The meetings and subjects for week-end are as follows:

Tonight at 8 p. m., "A Striding Intention."

Sunday, 11 a. m., "The Lost Child." 8 p. m., "Every Woman's Soul a Plan of God."

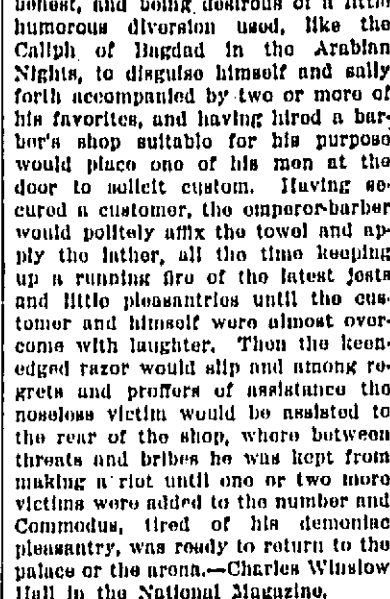

Captain Carson of Muncie, Ind., will assist in these services. All are welcome.

BARBERS OF ANCIENT TIMES

Introduced into Rome From Sicily, Their Shops Became the Resorts of the Fashionable.

Professional barbers are said to have been introduced into Rome by Menas from Sicily, of which island he was praetor in the days of Cleero. Under the empire their shops, in some instances, became fashionable resorts at which every luxury of the toilet was enjoyed, and the gossip and news of Rome and the empire were discussed. The means, luxury and weak nerves of personal adornment therein carried to excess in amply immortalized in the pages of Terence, Plautus, Horace, Juvenal and Martial. Other barber shops were more retired, as we learn from the annals of the Emperor Commodus, who, having worried at times of the wholesale tragedies of the Coliseum, wherein armies and fleets engaged in murder at his savage behest, and being desirous of a little humorous diversion used, like the Caliph of Bagdad in the Arabian Nights, to disguise himself and sail forth accompanied by two or more of his favorites, and having hired a barber's shop suitable for his purpose would place one of his men at the door to solicit custom. Having secured a customer, the emperor-barber would politely affix the towel and apply the lather, all the time keeping up a running fire of the latest jests and little pleasantries until the customer and himself were almost overcome with laughter. Then the keen-edged razor would slip and among regrets and proffers of assistance the noseless victim would be assisted to the rear of the shop, where between threats and bribes he was kept from making a riot until one or two more victims were added to the number and Commodus, tired of his demureous pleasantries, was ready to return to the palace or the arena.—Charles Winslow Hall in the National Magazine.

INCORPORATING A MARRIAGE MONOPOLY.

Jim—I see that a New Jersey man has married over a dozen women in that state.

Jack—Well, New Jersey is the state where nearly all the trusts and monopolies are chartered, isn't it?

BEEF TRUST IS FAVORED

SMALL PACKERS ACCUSE RAILROADS OF DISCRIMINATION IN RATES.

29 -ROADS ARE ACCUSED

Complaint Filed With Interstate Commerce Commission Charges Roads Have Created Conditions Highly Profitable to Chicago Packers.

Washington, Aug. 20.—Freight rates on fresh and cured meats from Cedar Rapids, Ia., to points in the east, especially seaboard points, are attacked in a complaint filed with the interstate commerce commission by T. M. Sinclair & Co. of Cedar Rapids against the Chicago, Milwaukee & St. Paul railway and 28 other carriers operating east of Chicago.

Sinclair & Co. charges that the Chicago beef packers have entered into league with the railroads through discriminating freight rates to prevent all competition from western independent packers in the markets of New York and Boston. The former rates on live hogs and cattle from Iowa to Chicago were 21 cents per 100 pounds and on cured meats 13½ cents per 100 pounds. The Iowa law adds 11 cents per 100 pounds to freight delivered to the Sinclair & Co. plant, making a total of 24½ cents on cured meats.

Increased Rates Threatened. The railroads threaten an increase in their new schedules from Cedar Rapids to Chicago of two cents per 100 pounds, making the total rate 26½ as against 21 cents in favor of Chicago. It is charged this advanced rate is excessive, unreasonable, exorbitant and discriminatory.

Attorney General Files Charges.

Attorney General H. W. Myers of Iowa, representing the state board of railroad commissioners, also filed complaint with the commission against the eastern roads of discriminatory rates and asks the commission to require the railroads to fix and establish through routes and joint rates to the interior towns of Iowa. It is charged the railroads have joint rates to points on the Illinois-Indiana state line. For Iowa towns the railroads have a combination rate made up of the official and western rates to the Mississippi river and the Iowa rate. The ratings are different on the same article. It is charged. Iowa complains that an unreasonable privilege is granted cities outside the Iowa lines having through routes and joint rates.

THE "OVERLAND" Most for the Money

Over \$3,000,000 has been invested to make Overland cars economically. The makers devote a whole factory to one model alone. By labor saving machinery and multiplied output they have cut the cost 20 per cent in the past year alone. A 25-horse power Overland, with 102 inch wheel base now sells for \$1,000. A 40 horse power Overland, with 112 inch wheel base sells for \$1,250 with single rumble seat. The finest of the Overlands—called the Marion Overland—sells for \$1,850. All prices include gas lamps and magneto. No smaller maker with less modern machinery can begin to give what the Overland gives for the money. We invite you to come and see these cars—the cars which have captured the country. You will agree with the rest in regarding the Overlands the most desirable cars made.

SYKES & DAVIS, 17 S. Main Street Formerly Pierson Garage

E-M-F Cars are Standard and Here's the Proof

Price \$1250. Seating five passengers. Magneto, five lamps, horn and generator included. Thirty horsepower, sliding gear transmission, four cylinder motor. This model can be had for immediate delivery.

Why not a standard for automobiles? This industry is surely old enough. The E-M-F Company is the one company that is building automobiles as the Singer builds sewing machines, as the Winchester builds rifles, as the Burroughs builds adding machines, as the Waltham, Elgin and South Bend builds watches, as the Stearns builds pianos, as the Studebaker builds wagons and carriages—in large quantities and by expensive machinery which makes every part of every individual entirely of the product available for use in every other one. Standard? Why, of course, and therefore the most desirable.

THE SPECIFICATIONS

The E-M-F "30" chassis remains unchanged for 1911 and the same standard specifications which have proven so successful, practical, and economical in operation will be the rule during the coming season. There will be the same powerful motor, the same simple carburetor, practical rear axle transmission, automatic oiling system, safe steering apparatus and other practical features constructed by the same capable workmen from the highest class of materials. No necessity for changes, it appears, in the case of a product which has stamped itself as standard and absolutely successful.

Why Be Sick When All Can Be Well?

If You Suffer You Must Blame Yourself For It, Because You Can Get Relief of the Chiropractors If You Seek Them

Hundreds are coming, hundreds are being made well. Doctors fail because they treat SYMPTOMS. Chiropractors succeed because they REMOVE THE CAUSE OF THE DISEASE. 98% of the people who take Chiropractic adjustments are made well. 75% of those who come to the Chiropractors have first been to the Doctors who have failed to cure them. This is a record which no other science can show. world's greatest power for restoring health and happiness that the world has ever known. Because it is—in just the same way that every great discovery has been doubted at first. Doctors "knock" it because it is for you to say—you to continue to suffer—or you can come and be made well. Chiropractic is most loud in his praises of this wonderful science. IF YOU SUFFER, we ask you to be well. You can accept our services or you can pass us

If you doubt now—come to our office for examination and advice. We will tell you why you are sick. How we will REMOVE THE CAUSE of your sickness. It will cost you nothing to come and see us.

RAYMOND PUDDICOMBE
Graduate Chiropractor.

J. N. PUDDICOMBE
Graduate Chiropractor.

King Edward died of Bronchial trouble and Pneumonia. These diseases are caused because the nerves leading to the bronchials and the lungs are not furnishing the proper amount of nerve energy to keep them normal. The nerves pass through the spinal column at the 1st and 3rd dorsal vertebra. An examination of the spine will reveal to a Chiropractor the cause of the trouble. An adjustment of the spine where these nerves pass through so that they may furnish the nervous energy and the functions will remain in perfect condition. Disease will disappear. Kings, Potentates, men, women or children, it matters not to nature, all are alike. One as liable to disease as another, one can be made well as easy as another

These drawings show the vertebrae in correct position and in misplacement position. A severe cold, coughing excessively, a fall or accident or continued straining of the back in a certain position will misplace a vertebra as well as other more serious causes.

See drawing "B", the misplaced vertebra. The arrow "1" points to the side of the vertebra tipped down. Note the small space between the two vertebrae. Hundreds of nerves pass through this space leading to the bronchials. The small space pinches the nerves and they cannot perform their proper functions. The bronchials become weakened due to lack of nervous energy and soon become diseased. Arrow "2" points to the other side of the same vertebra tipped up, showing the small space through which the nerves to the lungs must pass. Because the space is so small the nerves cannot furnish energy to the lungs and the lungs become weakened and diseased through lack of energy.

It was these vertebrae out of place that caused King Edward's death.

Drawing "A" shows the vertebra in correct position with normal space on both sides so that the nerves have room to act naturally, thus keeping the functions in a healthy condition.

Chiropractic (ki-ro-prak-tik) adjustments straighten out the vertebrae, thus removing the cause of the ailment.

HERE IS THE PLACE IN THE SPINE OF JOHN D. ROCKEFELLER THAT IS CAUSING HIM ALL OF HIS STOMACH SUFFERING.

Many cases similar have been adjusted by Chiropractic. Some appear in different places and cause different ailments. But no matter what your case is—we will tell you whether or not you can be made well and no charge is made for examination.

Not long after John D. Rockefeller came into prominence as a result of the greatest financial organization of the age, The Standard Oil Co., it was discovered by himself and family that his stomach had gone back on him. Many have discovered this just as did John D. when everything that they eat didn't agree with them and they lay awake nights as a result of something they eat.

Then began the greatest battle that John D. ever fought and he instituted the most vigilant search of his career. It was his life that was at stake.

All of the skilled medical aid of the country came forward and offered their skill and knowledge but medical science failed and so has everything else that John D. has tried and he was forced to retire from the vast business interests that he had built up and put it in the hands of someone else.

The only great science that John D. has never tried and the only science that will permanently relieve him is Chiropractic. This science will correct the original cause of all of his suffering and that is the only way that John D. Rockefeller can ever regain the health that will make him and his loved ones happy again.

At a recent meeting of the Associated Public Hospitals Managing Physicians Dr. Ross, Supt. Hospital, Bur-

in the body, and all these nerves pass through the spine, spreading out to the body at the different places on the spine between the vertebrae. When there is a subluxation of a vertebra (when it is out of place) it causes a pressure on these nerves, and they cannot then furnish the energy to that part of the body they are meant to support. The first thing that you know you are down with disease. If we remove this pressure, and permit the nerves to perform their functions, you get well. That is what we mean when we say that we remove the cause.

Thousands of cases are made well each year by the Chiropractic Science, after all others have failed and we have made many people well right here in Janesville and Beloit who had thought there was no hope for them. 75 per cent of the cases that come to the Chiropractors are given up by doctors, yet the average number of people who are made well by the Chiropractors is 98 per cent of all who take adjustments.

Illustration No. 2 shows the first cervical vertebra of the neck out of place. This will cause Nausea in the head. A woman who had suffered for many years was in this condition. She came to us and we found that the subluxation was pinching the nerves and cutting off the nerve force. Several adjustments got it back in place and the lady was never troubled since with Nausea. A great many of these cases come to the Chiropractors. The subluxation is not always in the same place and the Nausea is in the different parts of the body.

Illustration No. 3 shows the 7th vertebra of the neck out of place. A case in point is that of a man who had paralysis on one side, and the heart was weak, caused by the dislocated vertebra pressing on the nerves leading to the brain and shutting off the nervous energy. By adjusting the vertebra, the normal condition was restored and the man was made well.

We have a great many of these cases, and 98 per cent were made well.

Illustration No. 7 shows the 7th vertebra of the neck out of place. A case in point is that of a man who had paralysis on one side, and the heart was weak, caused by the dislocated vertebra pressing on the nerves leading to the brain and shutting off the nervous energy. By adjusting the vertebra, the normal condition was restored and the man was made well.

CONSUMPTION AND BRONCHIAL TROUBLE.

Illustration No. 3. Consumption in a young man. The Case 3. Consumption in a young man. The second and third dorsal vertebrae were found in a lateral subluxated condition, throwing a pressure on the nerves that run to the lungs, causing congestion of the lungs which throw the patient into consumption.

By replacing the vertebrae and removing the pressure from these nerves it gives nature a chance to restore perfect health. We have had a large per cent of

these cases, and all were either made well or much benefited. Consumption is not contagious, as very many people associate with these cases daily, and yet are no more liable to contract this disease than men engaged in other callings.

Illustration No. 12. Prominent business man found he had a weak heart, and that the beats were not regular. He said out his business expecting to retire. He finally called on us and we found 2nd and 4th dorsal vertebrae subluxated. By replacing vertebrae we removed the pressure from

heart nerves which restored it to normal, and the man was made well immediately. This man went back into active business.

DISEASES OF HEART.

We have a great many cases of weak heart, and usually we are compelled to remove some other lesion where there is a congestion, to lighten the work of the heart.

Illustration No. 12. Prominent business man found he had a weak heart, and that the beats were not regular. He said out his business expecting to retire. He finally called on us and we found 2nd and 4th dorsal vertebrae subluxated. By replacing vertebrae we removed the pressure from

heart nerves which restored it to normal, and the man was made well immediately. This man went back into active business.

PLANS COMPLETE
FOR CONVENTIONSTATE GATHERING OF ANCIENT
ORDER OF HIBERNIANS HERE
NEXT WEEK.

SESSIONS OPEN TUESDAY

Big Banquet on Wednesday Night—
Five Hundred Expected to Attend
the Event.

Plans have been perfected for the coming convention of the Ancient Order of Hibernians which opens here on Tuesday morning next. The committee in charge of the affair have completed all their plans for the convention which promises to be a most important one. Delegates are coming from all parts of the state to be present and some of the notable members of the order from outside the state will also be present. The committee is very anxious that the business house of the city decorate for the occasion and many merchants have announced to them that they will have special window displays and will decorate the front of their places of business.

The committee has issued nearly five hundred special invitations for the banquet which is to be held on Wednesday evening and the chairman wishes it stated that there may be some who have not received invitations that should have and if they will write a member of the committee in charge this will be rectified at once. This is the first convention that Janesville has entertained this year and it is expected that the citizens generally will help make it a gala event. The Ancient Order of Hibernians is one of the strong orders of the country and the good word that Janesville does its share of entertaining visiting delegations will add other orders in securing conventions in the future.

The committee have prepared the following post card program for the banquet on Wednesday:

Toastmaster J. H. Burns
Remarks Mayor W. F. Carle

Thursday and Started Movement
In Favor of Insurgency.

(SPECIAL TO THE GAZETTE.)

Janesville, Aug. 19.—There was a large and interesting meeting last evening in the city hall park. There were two attractions. The band gave a fine concert and the Rev. Daniel Woodward of Oniro gave an address from the band stand speaking on the issues of the campaign. He gave an excellent talk and at its conclusion a large number of voters assembled at the city hall and organized a La Follette club. Rev. D. G. Grabbill was elected president; P. L. Jones, treasurer; and C. J. Pearson, Wm. Smith, Irvin Moyers, E. M. Jones, James Haffron and B. C. Flint executive board. The club will have their headquarters at the office of Fisher & Gilles and it is thought there will be a membership of three hundred. They are planning to carry on a vigorous campaign and adopted resolutions endorsing the candidacy of R. M. La Follette for United States senator, Henry Allen Cooper for congressman and L. E. Gottle for assemblyman from this district.

The city is having an automatic electric fire alarm installed and it will be possible hereafter for the telephone central to give instant alarm in case of fire.

A party composed of gentlemen from Postville, Union and Magnolia left here Wednesday evening on a ten days' trip to Canada. They were Messrs. John Pearson, John Honeysett, C. H. Pettigrew, R. T. Andrews, Ernest Hall, Wm. Honeysett, J. W. Norton, Ed. Jankott, Grant Henway, H. C. Velsch, Wm. Drefahl and James Norton.

Mrs. Herbert of Milton, Kans., has been the guest of Mrs. A. Franchese.

The Janesville baseball team played with the Beloit team at the Allen picnic yesterday and although the game was a close one Janesville won the honors, the score being 6 to 5.

Mrs. D. H. Prindle and son Jesse arrived last evening from Circleville, Ohio, for a few days' visit with friends.

Mrs. Joe Shively will leave next Tuesday for Los Angeles, Cal., where she goes to visit her sister, Mrs. Frank Kendall and to attend the wedding of a niece, Miss Lottie Kendall. She will spend about two months in the West.

The W. F. M. S. of the Methodist church will hold a social next Thursday afternoon at the country home of Mr. and Mrs. Edgar Smith. It will be at the parsonage at two thirty o'clock to convey those wishing to attend.

Jay Emory was badly bruised and shaken up when he was run down by an auto while riding his bicycle on the streets in Madison Monday. He is getting along nicely at the present time.

Miss Belle Denison has returned from an extended trip to the Pacific coast.

Miss Welsch of Madison was the guest of Miss Laveria Gilles Wednesday and Thursday.

Prod Hendricks has been quite sick for several days.

Mrs. Joe Rooney of Brooklyn visited Wednesday at the home of Mrs. James Ballard and Mrs. A. Franchese.

Miss Pettit returned to her home in Chicago Wednesday having been here as the guest of her cousin, Miss Elvira Edmunds, for some time.

Rev. George Reynolds of Janesville will be here this evening to attend the fourth quarterly conference of the Methodist church.

LARGE BUILDINGS

ON FARM DESTROYED

Four Barns and Other Structures on

Henn Farm Near Monroe Burned

to Ground Yesterday.

(SPECIAL TO THE GAZETTE.)

Monroe, Wis., August 20.—Four

barns and several outbuildings on

burned late yesterday afternoon on

the Henn farm, two miles southeast

of town. The fire was first noticed at

3 o'clock when smoke was seen from

one of the barns. It was found that

started in the barn was burning and

neighbors were called in to quench

the flames. When it was found that

the building was doomed, help was

sent for to this city and a great many

men in the work of preventing the

spreading of the fire to the other

buildings. All were destroyed and it

took hard fighting to keep the house

from catching fire. All the feed

stored in the barns was burned but

the machinery was removed.

The farm was formerly owned by

William Henn, of this city, who sold it

to his son, Verne Henn.

Team Prospering.

The stockholders of the Monroe

Baseball Association are greatly

pleased over the report of the secre-

tary-treasurer who reports a balance

of \$162.71 on hand thus far this sea-

son, with no outstanding debts. The

receipts amounted to \$1,177.70 and the

disbursements amount to \$1,015.00. There

are eighty stockholders and thirty-four

shares more of stock to be issued.

Soldiers Leave Monday.

Forty-two men, of Co. H, will par-

ticipate in the maneuvers at Sparta

beginning Monday. The men leave

here on the 10:07 train Monday morn-

ing on the Milwaukee road with two

passenger cars and one baggage coach.

They will meet Co. L, of Beloit, at

Janesville, Co. C, of Whitewater, at

Milton and Co. G, of Madison, at

Madison. The companies will go to Spar-

ta by special train from Madison.

Old Soldier Dead.

Edward Miller, a former resident of

Monroe, passed away at the National

Soldiers' Home in Milwaukee at the

age of 67 years. He is a brother of

Stephen and Robert Miller, of this

city, and will be brought to Monroe

for interment.

He was a cabinet maker in Monroe

years ago and at the time of the Civil

war enlisted in Co. B, 31st Wisconsin

regiment, U. S. A., seeing as army

musician. Twenty years ago he en-

tered the National Soldiers' Home

where he was an invalid from spinal

trouble. His death brings a double

sorrow to the brothers and sisters as

a brother, Albert Miller, died very

suddenly two weeks ago at his place

of business here.

Samuel Isely, father of Mrs. Matilda

Wittwer of this city, died at South Wayne at the age of 86 years. He was a native of Switzerland and previous to going to South Wayne in 1896, he made his home here with his son, Herbert Isely. The funeral will be held tomorrow afternoon at 2 o'clock from St. John's church.

The funeral service for Mrs. Joseph Koen will be held at the residence on West Russell street Tuesday morning at 10 o'clock and interment will be in the Hill cemetery northwest of town.

Rev. Perry Randall, of Independence, Kans., is here on a visit to relatives.

Mrs. R. D. Gorham and daughter, Miss Nellie Gorham, have returned from their visit at La Crosse. Miss Nona West returned with them for a visit.

Scott Whitehead has returned to his home in Sioux Rapids, Ia., after a visit here to his uncle, John Baird and family. Scott is cashier of the First National bank at Sioux Rapids.

Mrs. George Sellar has gone to Marquette, Mich., to spend a few weeks.

OLD SETTLERS' PICNIC AT
HONONEGAH PARK AUG. 25Judge L. M. Reckhow of Rockford and
Rev. E. J. Evans of Beloit Will
Speak—Large Attendance
Expected.

There is every reason to expect that resident of the counties of Rock, Winnebago and Boone will break previous attendance record at the annual picnic of the Rock River Valley Old Settlers' association which will be held at Ho-None-Gah park on Thursday, August 25. Judge L. M. Reckhow of Rockford and Rev. E. J. Evans, pastor of the Beloit Episcopal church, will speak and the program will include music and other entertainment features.

"Had No Time"

Footpad—Your watch, mister, and be quick about it.
Pedestrian—Let me pass, I have no time to spare.

ANTAGONISTS OF
DIAMOND TO MEETJanesville to Engage With Old-Time
"Fox, Beloit, at Yost's Park
Tomorrow.

Janesville vs. Beloit is Manager Jack Ward's announcement of Sunday's exhibition of the national pastime at Yost's park. The rivalry between the two cities in baseball is intense and during the post-season series of last fall, immense crowds attended the games to witness the sport. The interest and feeling has in no way abated and a hot game is expected. Both of the Rockford team of the Wisconsin-Illinois league has been secured for this game by the Janesville team. "Hill" will be at the receiving end for Janesville. Moon and Erickson are to be the Beloit batterers.

City League Contests.
Although the weather was threatening, it was planned to start the games and play as long as the weather permitted. The Lewis Knitting company and the Y. M. C. A. were scheduled to participate in the opening game and in the second match the Parker Pen company and the Caloric company will decide whether the pen is mightier than the clothes maker.

Want Ads. are money savers.

WIVES OF FARMERS ON STRIKE

Refuse Usual Good Dinners Because Threshers Ask Exorbitant Wages.

Cincinnati, Aug. 20.—Farmers' wives from Pikea west to the Indiana line and south to the northern part of Hamilton county are inaugurating a novel strike by telephone, letter and by trolley line this summer. Threshing time is considered a great time in the country and threshers are given the best dinners the farmers' wives can afford, better even than given to ministers and their wives. This year the complaint is made that threshers and their help are asking exorbitant prices for their work and the plan is to notify them that the yellow legged chicken and fresh beefsteak are not for them if they persist, and they may bring their meals with them when they come to thresh out the golden grain.

Varying Sugar Consumption.

The Australians eat an average of 120 pounds of sugar each, every year. The United States 89 pounds, Germany 36 pounds, France 22 pounds and Great Britain 81 pounds, but in the latter country the ratio is going up.

DO YOU WANT A SELF-SUPPORTING OCCUPATION?

THAT WILL BE BOTH PLEASANT AND PROFITABLE. We need an enthusiastic woman to represent our "Ladies' Choice" line of goods in your locality. One who can secure women who buy good dress materials. No house to house canvassing. We furnish you with a complete outfit. The goods are popular in all sections. The Ladies' Choice line of goods is not to be found outside of the largest New York stores. The wide range of selections and quality of goods is what makes the continued patronage of your customers and our absolute guarantee of satisfaction. "Ladies' Choice" makes it easy to get orders. Complete outfit, including a complete outfit, and detailed information. THE W. L. JENNISON CO., Importers and Jobbers of Fine Dress Materials, 200 East 10th Street, New York City.

WISCONSIN VOTERS

County Option is not a political question. YOU CAN STAND OPPOSED TO THIS UN-AMERICAN ISSUE AND STILL BE A GOOD REPUBLICAN OR A GOOD DEMOCRAT.

Liberal-minded men, regardless of politics, are standing together against County Option, on the ground that it is a law that deprives citizens of their natural right of personal liberty—and robs them of the privilege of self-government.

TWO THINGS ARE SURE TO RESULT UNDER COUNTY OPTION—COUNTY PROHIBITION AND COUNTY RULE FOR TOWNS, VILLAGES AND CITIES.

Self-government is the only satisfactory system that gives the governed the regulation they individually want.

County Option takes the power of individual control away from those it would regulate.

SUPPORT LEGISLATIVE CANDIDATES WHO OPPOSE COUNTY OPTION.

FORTY YEARS AGO

Janeville Daily Gazette, August 20, 1870.—The Fire Works.—We understand that the committee appointed to select subscriptions to purchase water power and land for the fire works, is not meeting with flattering success. Our citizens are strongly indifferent to improvements of this nature, and, some day, will regret that they did not take a deeper interest in the development of manufactures in our midst. Other towns about us are making generous proposals to manufacture, sparing no expense nor labor to secure that which is of vital importance to their future.

Jettings.—Penciles are worth from \$1.00 to \$1.25 per box, in this market. The residence of Mr. Burns, in Monterey, narrowly escaped destruction by fire this morning. A kettle filled with tar was placed on the stove for the purpose of boiling the tar. Not being properly attended to, the contents of the kettle took fire and it was only by the most strenuous exertion that the flames were extinguished. The Japanese performed last night.

THE THEATER

"The Goddess of Liberty."

Life has many important questions which have never been answered to the entire satisfaction of the creatures of the earth, at least not for all of them. One is the riddle which asks whether a man or woman shall marry for love or money. Like all the other big questions that confront every man and woman in the universe at some milestone or other along life's pathway, it is forever and also cropping out in some form or other. Of course, it has been answered many times, probably as often as it has been propounded. But it is safe to say that many are still unassured as to the exact.

The majority quite naturally answers that marriage should be for love only, regardless of monetary considerations. Perhaps that is the correct solution of the riddle, though there are doubtless many who do not think just that way.

At any rate, the manner in which the question is presented in "The Goddess of Liberty," the surpassing comedy with music which Mr. Mort H. Singer will present with Joseph H. Howard, America's foremost musical comedy star, at the Myers Theatre Friday evening, Sept. 2, is by far the nearest presentation which theatre-goers have witnessed for a long, long time.

All the world, we have been told, loves a lover. And all the world, just as surely, loves to see the right love conquer over the wrong.

In "The Goddess of Liberty" the puzzle presented arises over the love affairs of a young and adventurous nobleman who is about to wed a young American girl because he is in urgent need of money. The young woman, pretty but rather overbearing, has a cousin who is thought to be anything but rich.

When the young man meets the two

at the opera house and were greeted by a fair audience. As acrobats and jugglers they are unequalled by any company which ever visited Janeville. They give their last exhibition this evening.

Mr. J. J. Jenkins, of La Prairie, has shown us a model of a weapon of warfare invented by him, which he claims to be superior to the famous mitrailleurs. It consists of a number of gun barrels mounted in a box, six inches apart, and arranged to fire simultaneously. The gun load at the breech, and it is estimated that each barrel can be discharged twice in a minute. The whole arrangement is to be mounted on wheels and moved about by horses.

The following is the population of this city, by wards, for which we are indebted to Mr. A. E. Burpee: First ward, 2,371; second ward, 1,604; third ward, 1,513; fourth ward, 1,503. Total population of the city, 8,991. Many will be disappointed at these returns but we can console ourselves with the reflection that the people of other towns and cities are experiencing a similar sensation.

He is a brother of the present pastor. Sunday school at 12 noon; Union Young People's meeting, 6:30 and Union evening worship 7:30. The subjects are: morning, "First Bearing;" evening, "Channels of Power." All are invited.

The Janeville Baptist Association composed of the Baptist churches of Rock and Green counties, meets in Juda, Sept. 5-6-7. Delegates will attend from the local church.

Howard Chapel, corner Eastern avenue and South Jackson street; C. H. Howard, superintendent. The Evangelistic services under the leadership of E. P. Manakofsky and wife of Berlin, will continue during the entire week. Bible school, 2:30 p. m.; reading, 7:30 p. m.; Manakofsky; evening Evangelistic service at 7:30 p. m. by Evangelist E. P. Manakofsky and wife. To all these services of the week you are cordially invited. Let there be a general rally.

St. John's German Evans, Lutheran Church—Cor. Bluff St. and Packer St. Rev. S. W. Fuchs, pastor. Mission Sunday. Morning services, 10:30. A lecture on mission work by a mission-

ary of New Guinea at 2:30 in the afternoon. Evening services at 7:00 o'clock. Everybody is welcome to all of these services.

True Liberty, "It was always thought," said Uncle Ethan, reflectively, "to be one of the charitable men in the whole town, and I guess he was. He always owned a plug hat, for one thing, and I never knew him to refuse to lend it to anybody."—Youth's Companion.

Buy It in Janeville.

Too Much Cob. A farmer who was taking his first long trip on a railroad train found himself getting hungry. The train boy came through and after some effort sold the farmer three bananas for ten cents. The farmer peeled the bananas, threw away the fruit and ate the skins. Presently the boy came back. "Want some more bananas?" he asked. "No, I guess not." "Why, wasn't they good?" "Oh, good's common, I suppose, but they're too darned much cob about them."—Philadelphia Saturday Evening Post.

The Pyramid. Vast as modern skyscrapers are, not one has yet equaled the weight and massiveness of the pile of great stones which the swarming human ants of the Nile valley laboriously dragged together thousands of years ago, until they had built the Pyramid of Cheops. It would make a solid block of 600 feet square and 330 feet high.

Has to Import Them. Russia manufactures neither clocks nor watches.

"Alpenzug" Revived. After five years, Interlaken has revived its "Alpenzug," a curious and pretty spring festival. It is the procession of the cattle, with their herds-men, from the low-lying meadows, where they have passed the long winter, to the Alps, where they will have their summer quarters. "Alpen" is here in the local Swiss sense, as meaning a high mountain meadow, not a mountain peak.

Fish Rival of Silkworm. The prima nobilis, a shellfish found in the Mediterranean, spins a fine silk.

R YE

M I D D L I N G S

Better in quality for feed than wheat middlings, and \$4.00 to \$5.00 per ton less in price. Come to the mill and try a load of it. You will like it. \$21.00 per ton, in bulk.

We buy Rye, Oats, Barley, Corn and all Grains

Write or phone us for market prices before you sell your grain. Our prices are the highest market quotations.
